### **Respectful Advocacy**

As a division we appreciate the immense community support that we have received recognizing that space concerns be addressed in Morden.

It has come to our attention, however, that in an effort to advocate, some members of the community have engaged in activities that have crossed a line in being respectful. Western School Division **does not** support or condone behaviours that attack an individual personally. We do not feel such behaviour or views are representative of our community as a whole
